Homecoming Game Set for November 4

After playing three of its first four games on the road, the Colonial football team will be at home—in the new D. C. Stadium—the last two Friday nights in October and the first Saturday afternoon in November.

Homecoming will be observed the afternoon of Saturday, November 4 when West Virginia makes its biennial visit to the Capital to play GW. This game will start at 1:30 o'clock.

Those who attended the Stadium Dedication Game on October 7 were thrilled by the new \$22.5 million stadium which has 50,000 seats providing unobstructed views of the gridiron. Further, there are no parking worries at the adjacent 20th and Independence Avenue parking lot, which accommodates 12,500 cars.

All reserved seats, with the exception of the mezzanine section which costs \$4, are on sale at Lisner Auditorium for \$3.

ORGANIZED FOR ACTION

As the Annual Alumni Fund swings into the final months of the 1961 campaign, it is highlighted by the personal solicitation drive in the Washington Metropolitan area. Over 300 alumni living near Washington will be personally contacting over 1,500 other alumni for contributions to the 1961 Alumni Fund. For details of this dynamic effort see page 3.

The Alumni Fund total to date is \$50,000. The GOAL is \$100,000. HAVE YOU CONTRIBUTED THIS YEAR?

Alumni President's Corner

It is a great privilege to serve as President of the General Alumni Association during its first year of operation as a corporate entity.

For the Association to achieve its maximum potential as an aid to our great University in the fulfillment of its destiny, will require more than lip service on the part of all alumni. Why not join with me in active participation in whatever area of alumni activity is of most interest to you, and advise our Alumni Office on which of the following committees you will serve: Alumni Fund, Government Liaison, New Graduates, Placement, Publications, Public Relations, Scholarship, Sponsored Research, Student Liaison, University Liaison.

The chairmen of these ten standing committees of the Association are actively developing realistic programs and welcome expanded membership support. Our slogan is "Full speed ahead."

Under the new articles of Association, we are a corporation with a carefully designed charter, embodying educational, literary, and scientific objectives. Tax exempt status has been requested. Most important, we have a mandate to dedicate our organization to develop, strengthen, and utilize the bonds existing between the University and its alumni and, also, the bonds among alumni, themselves—all for the goal of aiding, strengthening, and expanding The George Washington University.

In order to take advantage of the wealth of knowledge and capacity of those who have led our Association in the past years, I have established a new, special committee of the Governing Board, called the "Committee of Past Presidents." The wise counsel of this group will strengthen your Governing Board's decisions. The future holds great promise for all of us who prepare for it.

Faithfully yours,

J. Frank Doubleday, President

Kennedy Selects Four Alumni

Four alumni—two of them women—have been recently nominated by President Kennedy to high office.

Arthur Marshall Davis, LLB 33, was the President's selection for Federal District Judge for Arizona, and Edward Skottowe Northrop, LLB 37, was nominated as a Federal District Judge for Maryland.

In September, President Kennedy appointed Eva B. Adams, LLB 52, then Administrative Assistant to Senator Alan Bible (D. Nev.), as Director of the US Mint—the highest position ever attained by a Nevada woman. The nomination of Miss Adams was approved by the Senate Banking and Currency subcommittee and speedily confirmed by unanimous vote of the Senate.

Shortly before Congress adjourned, President Kennedy nominated Sarah Tilghman Hughes, LLB 22, to be Texas' first woman Federal judge. She now has a recess appointment, making it possible for her to serve on the bench until the Senate takes a confirmation vote next year.

Mrs. Hughes worked her way through GW Law School as a DC Metropolitan policewoman. After graduation, she married her Law School classmate, George Hughes, LLB 22, and went with him to Texas where she later served a term in the state legislature. In 1935, she was appointed District Judge by the governor and has been reelected each four years since.

She has battled throughout the years for women's rights, and it was largely through her energetic leadership in this movement that Texas women won the right to jury service in 1953.
